20 July 2009

Dear All

This is my official thanks to everyone who was a part of Follies, Furrles, Divas and Ditz. You have all played a vital role in raising this wonderful amount that will purchase urgently-needed veterinary surgical equipment for our Animal Hospital. Thank you from the bottom of my heart and on behalf of all those who cannot speak for themselves who will benefit from this.

To those of you who supported the show, donated tickets back for redistribution, invited friends, put the word out, donated prizes and generally promoted the show – a huge thank you. Michelle and Marilyn for organising the complimentary printing of tickets and posters, to Hilary for the programme and to Reyn for all the design work and back-up in every way, thank you. What a wonderful audience we had! To my committee who had a checklist deluxe on 10 July, thank you for completing it! To Patsy and my pupils, thank you for manning awareness stands at Malls and at the Opera House and to Yvonne – what an incredible job you did of selling tickets, presenting the complimentary chocolates and generally making everyone feel special. Thank you. To Rocky and Brigitte – thank you for the sherry glasses!

To the ladies and gentleman of the press – our eternal thanks and to the superb Opera House staff – thank you for the use of the Grand Old Lady and to Chris – a big thank you for the beautiful photographs. To Walmer Park, my grateful thanks for your gracious booking service.

Finally, to Jerry, Cast and Crew – you put together the most stunning show which will certainly be the forerunner to an annual event. To our visiting artistes, Mark, Jacques, Alan and Kendall – you were superb. And to all the special souls who came on board with willing heart and talent aplenty, my undying love and thanks.
